On completion, you will be a qualified hairdresser, barber, or beauty therapist and have all the skills and knowledge to advance your career in any way you choose.

Let's explain more...

WHAT'S AN APPRENTICESHIP?

It's a great way to EARN WHILE YOU LEARN incredible new skills – from the best in the business.

You're paid to train. Then the end point assessment (EPA) makes sure you've got all the skills needed for the job.

You also gain an industry-standard internationally recognised qualification.

WHY DO AN APPRENTICESHIP?

- ◆ Get paid from day one
- ◆ Secure a job in a salon or spa
- ◆ Gain real skills in a hands-on way
- ◆ Get a qualification employers value
- ◆ Enjoy a practical training experience without student loan debt
- ◆ Train for up to 24 months, not 2-5 years at college/uni
- ◆ Gain eligibility for a NUS Totum Apprentice discount card

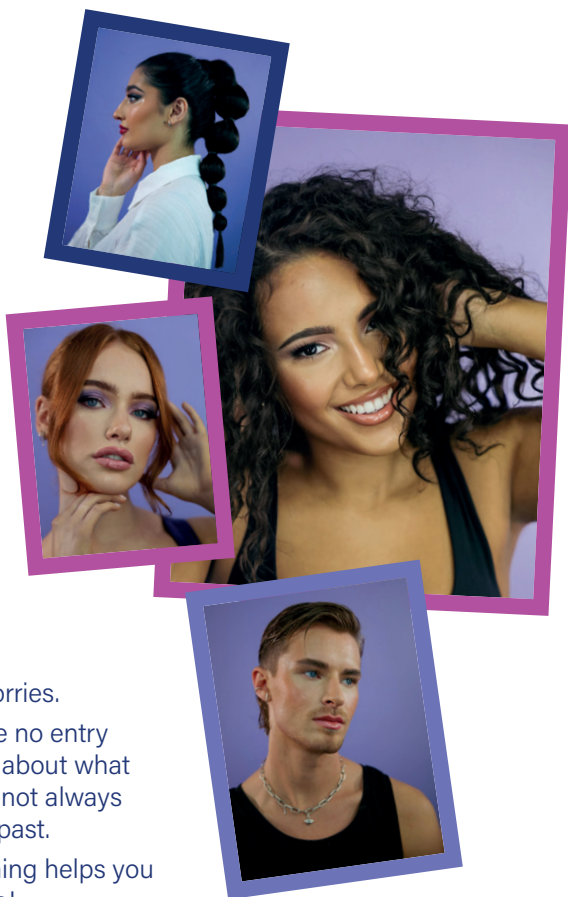

"Choose a Kleek Apprenticeship – it's a million per cent better than a college route. You get hands-on training and a superior learning experience"

Tegan – All About The Face

WHAT APPRENTICES SAY

SALON APPEAL

The transition from Kleek apprentice to salon owner is complete for Lily of Allure Hair and Beauty. Just three years after qualifying, Lily has opened her own salon.

“Kleek provided comprehensive training and support throughout my apprenticeship journey. My educators played a pivotal role in shaping my skills and confidence. Their guidance and encouragement fuelled my ambition to pursue salon ownership. Building a strong foundation of skills and continuously seeking knowledge really sets you up for success in this dynamic industry.”

AND THE AWARD GOES TO...

Say hello to Natasha, a recent winner of National Apprentice of the Year.

Natasha is deaf and uses a cochlear implant but hasn't let that stop her. With her amazing skills, she's built up strong relationships with teammates and clients at Bliss Hair in Nottingham. She's even become the British Sign Language Consultant at her salon.

“What a journey, training to be the best I can be! I am so grateful for all the support and encouragement I've received from the teams at Bliss Hairdressing and Kleek Apprenticeships. I'm really excited to see what the future holds!”

DREAM TO REALITY

Nicky dreamt of opening his own barber shop. After achieving a distinction and refining his trade from a team of talented and experienced barbers, he fulfilled his dream by establishing Origin Barbers in Kent.

"Kleek Apprenticeships helped me get to where I am now. My educator's support was life-changing really, I'd always struggled with school and had put up barriers to learning. My educator knew I was very visual and encouraged me to watch and copy alongside the required learning.

I'd say to aspiring apprentices take great pride in your work from day one as everything you do and learn is all part of the service you provide and important to the image of your shop."

DISTINCTLY DRIVEN

Alicia at House of Ace, a full-service salon specialising in Afro-Caribbean hair, completed her Level 2 hairdressing apprenticeship with a distinction and has progressed onto the Advanced Level 3 apprenticeship, working with Premier League footballers and TV stars.

"My ultimate goal is to own my own salon. I envision a place where everyone's hair needs are met. Hairdressers tend to specialise in their own hair type but I want to be able to make everyone feel beautiful, no matter what their hair type is. Education never ends for the best hairdressers, so I will never stop learning."

INFLUENCING THE INDUSTRY

Jamie, owner of Mettyear's Day Spa, Salon and Café is an ex-Kleek apprentice, who completed his Level 2 and 3 hairdressing apprenticeships and a L'Oréal colour specialist degree.

A salon owner for over seven years, Jamie now fosters new talent employing both hair and beauty apprentices in his salon.

"Kleek played a crucial role in shaping my career. Their education programme provided me with essential skills and knowledge, from basic techniques to advanced methods. They laid the foundation for my success. Their education kickstarted my hairdressing career and opened the doors to where I am now."

LIFE'S A BEACH

What happens after you complete our Level 2 and Level 3 hairdressing apprenticeships?

Well for Lizzie, it's travelling around the world...

Working as a hairdresser on 6-star cruise ships, she's visited so many places around the globe including Monte Carlo, Venice, Santorini, Miami and the Caribbean.

"I'd like to say thank you for all of the training and knowledge lessons. It's helped me, in the long run, to travel down the many different pathways I have been able to go down, including this amazing opportunity I am now pursuing! I have never been so happy: all of the hard work and extra training has finally paid off!"

STARTING YOUR APPRENTICESHIP

It's exciting... starting your apprenticeship adventure.

But it's also very different, leaving school or college, and going into employment.

So, here's some tips for getting the most from your apprenticeship:

USE YOUR INITIATIVE

There's less structure than at school and you'll be trusted to use some ingenuity to get things done.

BE POSITIVE

It's great to show you're motivated and keen to learn.

HELP YOUR TEAM

Offer to give your teammates a hand when you can – and they'll do the same for you. And it's never a bad thing to show your employer you've noticed a problem and tried to solve it.

LEARN FROM THE PROS

Watch how your teammates work and speak to clients – and pick up their good habits.

TAKE IT SLOW

Don't expect too much too soon: you'll be doing simpler tasks before you're ready to start cutting hair.

SET SOME GOALS

Make a training timeline with your educator and employer, setting out your duties. You'll understand the path ahead and how you will develop your involvement over the coming weeks and months.

ASK ALL THE QUESTIONS

People know it's all new to you, so ask loads of questions. It just tells your employer that you're eager to learn and remember, your employer and your educator are there to help you every step of the way.

"The theory is excellent and I really enjoy my in-salon educator training. I would highly recommend Kleek Apprenticeships."

Ruby – Salon Marc Pearl

DOS AND DON'TS

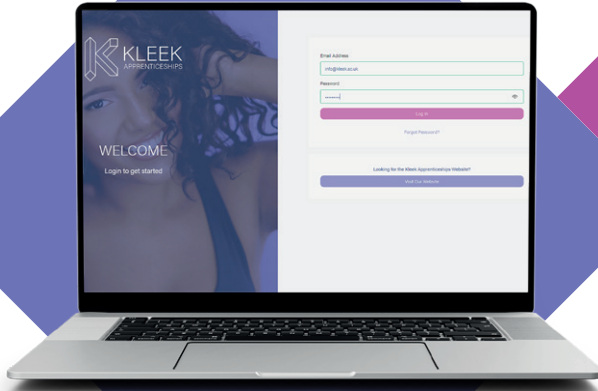

We've trained literally thousands of apprentices, so we know what works. Follow these tips to help your apprenticeship go as smoothly as possible.

- ✓ Do be polite and approachable at all times
- ✓ Do be flexible: weekend work is normal and evening work might be needed
- ✓ Do take all tasks seriously: salons need to be clean for customers
- ✓ Do dress right: you need appropriate hair, makeup and clothes for your salon
- ✓ Do think about hygiene, keeping yourself and your hair clean
- ✓ Do phone (not text) your employer if you're too ill to work – as soon as you can, so they can arrange cover
- ✓ Do let your educator know if you're unhappy with anything at work
- ✗ Don't use your phone at work, unless you're on your break
- ✗ Don't talk about potentially offensive topics: it's best to stay away from political, religious and moral views
- ✗ Don't tag your salon or teammates in inappropriate social media posts
- ✗ Don't arrive at work still recovering from the night before: it looks bad, and it could even be a health and safety risk
- ✗ Don't forget smart, comfy shoes: you'll be on your feet most of the day
- ✗ Don't let anything hold you back from becoming your best

YOUR ONLINE LEARNING PLATFORM

We're big believers in doing things your way, making your training as flexible and interesting as possible.

Introducing our Virtual Learning Environment: you can call it the VLE for short.

It's full of useful stuff like videos, guides and interactive learning modules, giving you everything you need, wherever you have Wi-Fi.

One of the best things about the VLE is your calendar. It comes in really handy for logging your training hours, setting up times for your educator to visit you and tracking your learning progress.

You also have access to the KleeK Apprentices Facebook Forum. It lets you get all the latest news and share your work and successes with all our apprentices and educators.

CELEBRATING YOU

We love seeing people progress. And we love celebrating your progress too.

WE'LL ALWAYS SHINE
A LIGHT ON YOUR
CREATIVITY - AND HELP
YOU SHOUT ABOUT IT.

That's why we run KleeK competitions, where you can experience professional photoshoots, working with talented art directors and star stylists.

Plus, we prep you to take part in competitions like the L'Oreal Colour Trophy Awards and Wella Trendvision Awards, where even more people can see your work.

Of course, social media is another great way to get yourself out there - because that's where most people get their hair and beauty inspiration fixes now. If you can build up a great social portfolio showing off your skills and development, your career can really take off. It can also help your salon or spa gain new clients too!

HOW WILL I BE TESTED?

By the end of your apprenticeship, you'll really know your stuff.

“

“I received excellent one-to-one training. I now own my own spa and have apprentices on my team.”

Jodie – Artistic Nails and Beauty

From customer service to salon skills, you'll be on your way to becoming a pro.

END POINT ASSESSMENT (EPA)

The EPA just makes absolutely sure you know everything you need to, and together your educator and your employer will know when you're ready.

You'll take a knowledge test and provide services to clients, whilst an assessor admires your practical handiwork.

100% of our apprentices pass the EPA, so there's no need to worry about it.

And once it's done, you can get on with building a superstar career for yourself.
