AND BEAUTY
TRAINING
PROVIDER

PARENT/ GUARDIAN GUIDE

WHO ARE KLEEK?

We're a government-approved training provider specialising in Hairdressing, Barbering and Beauty Therapy apprenticeships. We provide academy and work-based learning to apprentices across England.

We have been voted as the UK's best hair and beauty apprenticeship training provider and have held an Ofsted Outstanding rating for over 18 years scoring top grades in both 2006 and 2021.

WHAT IS THE DIFFERENCE BETWEEN AN APPRENTICESHIP AND COLLEGE?

College usually means learning from a single person in a classroom environment to a very rigid curriculum. An apprenticeship is a hands-on, practical-based learning programme carried out in the workplace.

The apprentice will gain valuable salon experience whilst learning the trade from educators, colleagues and trainers all with years of experience and skills – and all this whilst earning a wage!

WHAT QUALIFICATION WILL THE APPRENTICE ACHIEVE?

The apprentice will work towards an Apprenticeship Standard qualification.

The standard is an internationally recognised qualification which will help the apprentice excel in their chosen career.

HOW WILL THE TRAINING WORK?

All of the training will either take place completely in the apprentice's salon or on a day-release to one of our fully equipped academy salons every week.

The training will be provided by experienced colleagues in the salon and a dedicated educator assigned to the apprentice. The training will cover over 6 hours of their working week and includes all the skills, knowledge and behaviours the apprentice will need to succeed.

The training will include hands-on, practical learning alongside bespoke theory lessons, supported by the latest technology.

HOW LONG WILL THE TRAINING TAKE?

Each programme is bespoke to each individual learner, but as a guide an apprenticeship and advanced apprenticeship can take between 1 - 2 years. The harder the apprentice works, the faster they can achieve their qualification. At the start of the apprenticeship, we will work with the apprentice and the employer to agree a training plan and timescales for achievement.

DO APPRENTICES GET PAID?

All apprentices are entitled to at least the National Apprentices Minimum Wage, you can find the latest rate for this on the GOV.UK website: [www.gov.uk/become-apprentice /pay-and-conditions](http://www.gov.uk/become-apprentice/pay-and-conditions).

The apprenticeship will not cost the apprentice anything and any training costs should be covered by the government and employer. This means that an apprenticeship is one of the best ways to gain a fantastic qualification whilst staying debt free!

THE APPRENTICESHIP WILL NOT COST THE APPRENTICE ANYTHING

HOW MANY HOURS WILL THEY WORK?

All apprentices will be required to work a minimum of 30 hours per week, unless there are mitigating circumstances, and any apprentice under 18 cannot work more than 40 hours per week or 8 hours a day.

The working week is agreed between the apprentice and their employer, the salon owner, and they are usually very flexible. However, Saturdays and late evenings are very much normal practice.

IF I HAVE CONCERNS OR QUERIES, WHO SHOULD I CONTACT?

In the first instance you should talk to the apprentice's employer to try and resolve the issue. If this is inappropriate, doesn't solve the problem or you would just like to get further advice, you can speak to the apprentice's educator or contact the Kleek Head Office ON 01325 281295. We are here to help.

CAN THE APPRENTICE BE SACKED?

Apprentices are treated like any other employee. If the employer wishes to terminate the employment, they must follow appropriate laws and legislation and there must be a good reason for it.

AN APPRENTICESHIP IS ONE OF THE BEST WAYS TO GAIN A FANTASTIC QUALIFICATION WHILST STAYING DEBT FREE!

IS THERE A JOB AT THE END OF THE TRAINING?

The aim of an apprenticeship is for the apprentice to progress into a permanent position within the salon. In some cases a salon may not have the ability to offer a role and in these very rare cases we can work with the apprentice to help find other employment opportunities.

WHAT CAREER OPPORTUNITIES ARE AVAILABLE?

Hair and Beauty is one of the most dynamic industries to work in with many lifelong opportunities for those with the will to succeed. As well as careers in salons and spas, there are a wide variety of associated opportunities to travel the world on cruise lines, work as a brand ambassador with product companies, work in TV, film or fashion, as well as specialising in a specific service or becoming an educator.

IS THERE ANY WAY TO FURTHER AN APPRENTICES LEARNING?

Once an apprentice completes the intermediate level apprenticeship, they can choose to advance their learning with either an advanced apprenticeship in the same skillset or choose to gain skills in a different field altogether. Even after completing all of the apprenticeships the apprentice's education doesn't stop there with many private and short courses available to continue their lifelong learning.

CAN AN APPRENTICE CHOOSE TO LEAVE BEFORE THE END OF THE APPRENTICESHIP?

The apprentice can leave and find alternative employment at any time. Kleek can support the apprentice with this, we can also continue the training and support in the apprentice's new employment.

At Kleek the main aim is to ensure the apprentice achieves their qualification and goals.

HOW CAN I HELP AS A PARENT OR GUARDIAN?

Sometimes the step from school to employment is a hard one, you can help to explain that being employed and working is very different to school but it is also rewarding. Encourage patience with their training - an apprentice will not be cutting hair or carrying out complex treatments in the first few months!

WHAT CAREER ROUTES ARE THERE?

Once qualified and with additional experience gained within the industry, there are a wide range of alternative career routes open to qualified hair or beauty professionals, including:
